Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Document Division

DATE: 15 January 1959

FROM : Chief, Plans and Policy Staff

SUBJECT: Request for Documents by C/SIC

1. Following the receipt of your memorandum of 5 January, I discussed the matter of document support with [redacted] Chief, School of International Communism. This discussion was conducted in the framework of attempting to arrive at some means through which the School of International Communism could be current with the present situation on Communist China. We attempted to find ways and means through which the School of International Communism requirements could be satisfied by obtaining the required information from sources other than through the Document Division. Following this discussion [redacted] of his office conferred with members of the FE and SR Divisions in order to find a solution. The findings of this discussion convinced us that arrangements with the Divisions concerned would be unsatisfactory.

2. [redacted] therefore requested that [redacted] restate his requirements in minimum terms. This has been done and is attached hereto. In view of our inability to satisfy the requirements of OTR through any other means, we request that you re-examine these in the hope that suitable arrangements can be provided to afford direct dissemination to the School of International Communism. [redacted] is presently lecturing at one of the service staff colleges, but if you desire to discuss any of the items contained in his memorandum, I should be glad to make contact for you when he returns.
